25) Please list the names, addresses, and phone numbers of two references. This information is ONLY to gather information on the potential adopter. The SPCA cannot contact the adopter through this information:

NAME	ADDRESS	PHONE NUMBER
------	---------	--------------

Have you ever been accused or convicted of animal cruelty or abuse? _____

I certify that the above is true and correct. Any false information may result in the nullification of this adoption. I have done the necessary planning and budgeting in order to make this new addition to my household a welcome member of my family. I understand that all animals adopted from animal shelters in Virginia must be spayed or neutered before adoption. I further give the SPCA permission to check my veterinarian records to confirm the above information.

An adoption questionnaire is the first step in your commitment to a new animal. However, even after the application has been approved, the SPCA reserves the right to nullify the adoption at any time. If an animal must stay in the shelter to meet adoption requirements, he/she must be picked up within a stated period after spay/neuter. The SPCA cannot hold an animal in-definitely once he/she has been altered, or if there is a lack of contact with the adoptive family.
